

Spectralink 7522 and 7532

Stylish and Feature-rich Handsets
for Administrative Personnel

The Spectralink 7522 and 7532 wireless DECT handsets are elegant yet robust with a long list of features specially designed to increase user as well as business productivity for mobile workers in administrative environments. The large color display and the intuitive menu structure makes the handsets a valuable and preferred choice for mobile workers in administrative environments across the range of vertical markets.

Business Benefits

Ease of use is key for any handset. Without it the handset fails to be a valuable tool for the employee on the move. The Spectralink 7522 and 7532 wireless DECT handsets leverage an intuitive design – making it easy to use for any user.

With the Spectralink 7522 and 7532 handsets, employees benefit from increased productivity and optimized daily workflow with easier and faster access to the information they need to perform their day to day tasks.

The Spectralink 7522 and 7532 handsets are certified and tested with market leading Call Control and Unified Communications (UC) platforms.
